Dear John Mikaelian,

I've months ago my partners and I had the opportunity to use the services of your firm and your experts as a Business Valuator to determine the value of J. & S. Foreign Car Repair Inc. in order to proceed with a buy out of my 2 praters.

We are very pleased with the professional way our request was handled by you.

Also personally I thank you for your help putting the financing tighter and help me buying my partners out.

I gladly recommend you and your firm to any one who need the service.

Best Regard
